Zweigeltrebe  
Pinot Noir  
Cabernet Sauvignon  
Saint Laurent  
Merlot

### REGION

Moravia | Czech Republic

### ALCOHOL

12.5%

### ACIDITY

5.1 g/l

### RESIDUAL SUGAR

0.5 g/l

### SULFITES

26

### WINEMAKER NOTES

Ruby was produced from organically grown grapes that were hand harvested at the end of September at 19-23 points of sugar. Pigeage was performed in large oak and partly plastic casks. There was 1-month skin contact and malolactic fermentation in steel tanks followed by 8 months of ageing in big oak.

**Biodynamically farmed**, hand harvested, wild yeast fermented.

Unfiltered. Low Sulfites. Vegan

### TASTING NOTES

This dry red wine is deep and bright ruby with hints of purple. The nose shows pronounced cherries and plums. On the palate, this elegant and velvety blend shows a gentle opulence of red and forest fruits with a hint of licorice, fine tannins and acidity that gives a wonderful freshness and length to the wine.

### WINEMAKER

A small, family run winery, Krásná hora manages 7 hectares of organic vineyards and they harvest their grapes manually. They follow biodynamic farming using organic methods with natural soil supplements. The first vines in the Krásná hora line were planted by French monks in the 12th century. They chose the location for the orientation of the hill and perfect loess soil.
